

“I wanted to send you a quick note to express our very sincere appreciation to you and all your Eastern Star Brothers and Sisters for your tremendous generosity! It is humbling to see the efforts that humanity will take to support one another and your group exemplifies this! Thanks to you and all your Eastern Star family the Neuro psych team will be able to launch the caregivers program which will truly touch the lives of lowans in a real way.

You all should be exceedingly proud of your accomplishments as we are! I’m also so thankful to have been invited to your Grand Session and see first hand the love of your group. I hope our paths will cross again. In the meantime, and always, thank you to Eastern Star for all their efforts to support the University of Iowa!”

Meghan Litton
Assistant Director of Development, Neuroscience
The University of Iowa Center for Advancement
